

FNINR
NightinGala
OCTOBER 26, 2022

The health and safety of 2022 NightinGala attendees is FNINR's number one priority. You and your guests are an essential partner in helping to create and maintain a healthy and safe environment for the event. Before participating, please confirm that you and/or your organization's participants:

- Do NOT currently have a cough, fever/chills, sore throat, or shortness of breath or experienced any of these symptoms in the last 10 days.
- Do NOT currently have a temperature that is equal to or greater than 100.4 degrees Fahrenheit.
- Have not been in direct contact with anyone who has presented with symptoms of cough, fever, or shortness of breath in the last 10 days.
- Have not received a positive diagnosis of COVID-19 (for yourself or anyone close to you) in the last 10 days.

Vaccinations are encouraged for all attendees and masks are supported as desired on a personal basis.

Note that any in-person gathering carries an inherent risk of exposure to COVID-19 and other communicable diseases. FNINR cannot accept liability for potential infections.
